Internship Opportunities at the Health Department

The Orleans County Health Department hosts students seeking internships throughout the year for those whose degree requires an internship.

All internships are unpaid, unless prior funding is secured. It is important to contact us in advance to allow time to identify a project compatible with your interests and course of study.

This Web site describes the various public health programs that we provide. Students with IT backgrounds are appreciated.

The following are areas open for internship:

- Environmental
- Health Care Administration
- Health Education
- Public Health Emergency Preparedness
- Public Health Nursing

If you are interested in learning about current internship opportunities, please send us an email at Nola.Goodrich-Kresse@orelansny.com. Be sure to include all of your contact information and your resume.
